

Financing Middle-Market Businesses in the Technology Sector

US Capital Global has structured and advised on \$10.4 billion in debt and equity financings for technology businesses worldwide.

At **US Capital Global**, our Technology Finance team works with visionary companies and forward-looking investors to advance the next generation of innovation. The team brings deep expertise across artificial intelligence, enterprise and application software, FinTech, HealthTech and MedTech, biotechnology, and communications infrastructure, including hardware systems, semiconductors, and chip design.

Coverage also extends to emerging technologies such as blockchain, IoT, Web3, cybersecurity, autonomous systems, digital twins, advanced manufacturing, and supply chain technologies. Through customized capital and advisory services, US Capital Global supports innovation and long-term value creation.

“US Capital Global has earned a reputation as an innovator in technology finance,” said **Jeffrey Sweeney**, Founder and Chairman of US Capital Global. “We have provided and advised on \$10.4 billion in financing for companies across the technology sector. Our team understands the pace, complexity, and capital demands of this space, and we specialize in delivering flexible, strategic financing solutions to support growth and innovation.”
