

Exclusive \$10MM Investment Opportunity: Redefining Smartphone Security, Recovery, and Remote Access

Explore a unique investment opportunity in MobileyMe, a patented mobile technology platform transforming how smartphones are accessed and managed globally.

SAN FRANCISCO, SEPTEMBER 2025 – US Capital Global Securities LLC, an SEC-registered affiliate of the global financial group **US Capital Global**, is pleased to present eligible investors with a unique opportunity to participate in an investment round of up to \$10 million for MobileyMe, Inc. (“MobileyMe” or the “Company”).

Based in Windemere, Florida, MobileyMe is a mobile communication technology company that enables users to access and control their smartphones virtually from any device. Through its patented Virtual Phone Software, MobileyMe combines data recovery, remote device management, and secure communication tools into a single platform—addressing common challenges such as device loss, roaming charges, and data security.

“Our mission at MobileyMe is to make mobile connectivity secure, seamless, and accessible from anywhere,” said **Myra Durrani**, Founder and CEO of MobileyMe. “With patents secured and our Virtual Phone Software developed, we are now focused on strategic partnerships, marketing expansion, and innovation to scale the business and capture growth in the global mobile technology market.”

“MobileyMe is an innovative technology company addressing critical challenges in mobile connectivity, including device loss, data security, and roaming costs,” said **Charles Towle**, CEO of US Capital Global Securities LLC. “With its patented Virtual Phone Software and integrated platform, the company offers a comprehensive solution that we believe stands apart in the

market. We are pleased to support MobileyMe through this \$10 million equity offering and **invite eligible investors to participate in the company's next stage of growth.**"

About MobileyMe, Inc.

Founded by Myra Durrani in Windemere, Florida, MobileyMe is a mobile communication technology company dedicated to transforming how people stay connected. Its patented Virtual Phone Software allows users to securely access, recover, and control their smartphones from any device, even when lost or nonfunctional. By combining features such as remote device management, VoIP calling, cloud storage, and advanced privacy tools into one seamless platform, MobileyMe delivers a comprehensive solution for secure and uninterrupted mobile connectivity.
